Local U. N. O. Group Outlines Plans for Proposed Site Here

Briefs of Prospectus Will Go to Secretary Gilchrist in New York by Tuesday

Seek State Aid

Committees Will See Governor Dewey and Mayor O'Dwyer

The community effort in support of the movement to have Kingston and the surrounding area chosen as the permanent home for the United Nations Organization was continued Sunday when members of the general committee and civic-minded citizens decided that briefs of the prospectus be placed by Tuesday in the hands of Huntington Gilchrist, secretary to the U. N. O. subcommittee, which will recommend locations to the general assembly in London. This action was taken due to the limitation of time.

Committees also were named to visit Governor Dewey, in Albany and Mayor O'Dwyer in New York today to secure cooperation in the effort to have a New York site chosen. The committee appointed to see Mayor O'Dwyer comprised of Bernard A. Callahan, chairman, Joseph Forman, Thomas Plunkett and Mayor W. E. Edmuth. Raymond Carver, Senator A. H. Wickes, Emanuel Reina and George E. Murray, Jr., will visit the governor. Material for the proposed prospectus, which is now being compiled, was read to the group for revision and a number of additions and deletions resulted from the suggestions.

Highland Families Are Being Helped By the Red Cross

Organization Gives Aid to Victims of Fire That Did \$150,000 in Damage

The disastrous fire of December 19 which caused damage estimated at \$150,000 in Highland and rendered homeless five families who lost all their possessions, brought the American Red Cross to the scene to aid in the rehabilitation of the suffering families.

With the Lloyd Branch of the Ulster County Chapter of the American Red Cross, under the leadership of Mrs. H. C. Hoyet, leading the way, Red Cross aid through the Disaster Relief Committee of G. Wallace Codwise was immediately available.

During the fire, members of the Red Cross in cooperation with the aid of Highland residents, supplied the fire-fighters with coffee and sandwiches and gave assistance wherever possible. Temporary housing facilities for the five families, three of them the families of servicemen, were provided. Blankets, robes, and supplies were immediately available.

Settlement Is Seen Near in Oil Wage Dispute

Steel, Electrical, Meat Packers Threats to Strike Plague Nation Yet

By HAROLD W. WARD
Washington, Jan. 7 (AP)—The oil fact-finding panel reconvened today with signs that the oldest postwar wage dispute—between the C.I.O.-oil workers and a large segment of the industry—is nearing settlement.

Agreement on an 18 per cent wage increase for the Texas Company's West Tulsa Refinery, matching the amount Sinclair Refining Company previously had settled for at all its operations, was regarded by government officials as a significant break in the three and one-half month dispute.

The union struck in September for a 30 per cent increase, leading to navy seizure of 53 refineries and pipelines on October 4.

The Texas Company development, and its possible effect in setting a pattern for the balance of the industry still under navy operation, served to ease the tension slightly as the nation entered one of its most crucial weeks since V-J Day.

Strikes in steel, electrical and manufacturing and meat packing industries are scheduled to begin in that order on Monday, Tuesday and Wednesday of next week, idling 1,100,000 workers.

This number would augment the strike of C.I.O.-auto workers at General Motors, C.I.O.-glassworkers at Pittsburgh Plate Glass and Libbey-Owens-Ford and an independent union strike at 21 Western Electric Company plants in New York and New Jersey.

Only Week Remains

With only a week remaining to avert the additional shutdowns, there are these prospects, aside from whatever may stem from the oil fact-finding inquiry.

Steel—President Truman's fact-finding panel has asked the U. S. Steel Corporation and C.I.O. steelworkers to resume collective bargaining. Government labor sources say they are hopeful the company will make its first counter offer to the union's demands for a \$2 daily wage increase.

Such an offer, these persons said on the understanding their names would not be used, might influence C.I.O. President Philip Murray, to call off or delay the industry-wide strike of 700,000 members of its steel union now set for January 14.

The fact-finding may call company and union representatives to Washington this week to discuss preliminaries to the inquiry, due to be completed by February 10.

Report Expected

The fact-finding board which has finished its inquiry into the strike of 175,000 C.I.O.-Auto Workers over a 30 per cent wage increase demand likely will report.

Council Will Act On Budget Tuesday

Action on the tentative budget for 1946, which fixes the tentative tax rate at \$40.24 per thousand, is the most important matter that will come up at the first regular meeting of the Common Council Tuesday evening at the city hall.

The council has the authority to adopt the tentative budget or to make any additions or decreases in the various amounts asked by the city departments.

As the council is democratically controlled, for the first time in some years, it is expected that the tentative budget as drafted by Mayor W. E. Edmuth, will be adopted.

Dewey Favors Boost in Pay for State Employees

Will Recommend 4 to 10 Per Cent Emergency Increases for 50,000 New York Workers

By HENRY LEADER
Albany, N. Y., Jan. 7 (AP)—Additional emergency salary increases of 4 to 10 per cent for the state's 50,000 employees in the new fiscal year will be recommended by Governor Dewey in his annual message to the legislature Wednesday.

The raises would cost the state more than \$5,000,000 and would be the third upward adjustment since Dewey took office in 1943.

The governor's decision is based on recognition of "changing economic conditions" and of "faithful services" performed during the war, Secretary Paul E. Lockwood said today.

If the new schedule meets legislative approval, as expected, it will take effect April 1 and will represent total emergency graduated increases of 14 to 30 per cent over established salary scales.

Dewey also will recommend that the aggregate increases be deemed regular salaries for retirement and pension purposes and for these purposes become retroactive for three years at the option of the employee.

In 1943 the salary minimum was raised from \$900 to \$1,200. Employees getting up to \$2,000 received a 10 per cent increase and those paid up to \$4,000 got a 7½ per cent boost.

These raises were revoked in 1944. Last year further increases were granted, ranging from 10 per cent for those in the highest bracket to 20 per cent for those in the lowest.

In addition to all previous increases, Dewey proposes the following boosts, based on annual fixed salary under the Field-Hamilton Law schedules:

Under \$1,500, 10 per cent; under \$2,000, 8 per cent; under \$3,000, 7 per cent; under \$4,000, 6 per cent.

No Flood Damage Here But Upstate Is Hard Hit

January Thaw Makes Quick Work of Snow Removal; City of Watertown Suffers

The record-breaking mild temperatures that started last Friday in Kingston, still prevailed in the city this morning when a heavy fog blanketed the city as rain fell in intermittent showers.

The official city thermometer at 8 o'clock this morning was registering 50 degrees.

According to the Associated Press flood conditions prevailed on the outskirts of Watertown today as the high temperatures melted the state's snow cover, swelled streams and caused ice jams.

No flood damages were reported in Kingston, although the foot or more of snow that covered the ground practically disappeared in many sections of the city.

The melting snow caused pools of water to cover sidewalks and streets, but there was no report of any cellulars being flooded.

The January thaw started in the city last Friday when a high temperature of 42 degrees was registered by the official city thermometer. On Saturday the mercury stood at 45 degrees, while

State Taxes Cut To Lure Industry

Governor Writes 3,000 Firms to Seek Spots in New York

Albany, N. Y., Jan. 7 (AP)—With reduced taxes as one lure, Governor Dewey today invited industries in other sections of the country to locate in New York state.

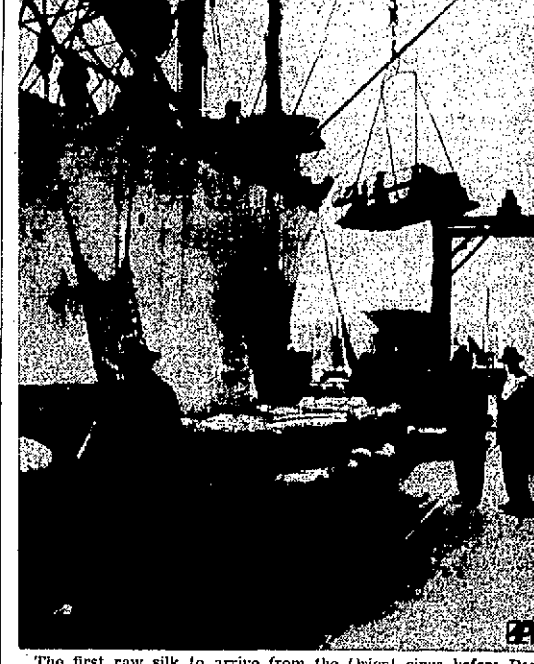

In personal letters to presidents of more than 3,000 companies, the governor said:

"If your company is one of the many looking for an eastern location, or planning to expand in the east, I urge you to make use of an unusual and valuable business service offered by the Department of Commerce of the State of New York."

The department, he said, is "equipped to give you concrete information on available plant sites, warehouse locations and office space." The purpose, he went on, "is to supply your executives with detailed information on such locations, together with other relevant service."

Secretary Byrnes Flies to London For More Problems

To Work on Items Left Without Solution in Moscow Meeting of Big Three

By GRAHAM HOVEY
Washington, Jan. 7 (AP)—After nine busy days at home, Secretary of State Byrnes leaves by plane today for London to attend the United Nations Assembly and tackle world problems unsolved at Moscow.

Among other things, Byrnes will try to get:

An international agreement on the Dardanelles question, thus easing Russo-Turkish relations.

Agreement for a Soviet-British-American commission to study the complicated problems of oil-rich Iran.

British and Russian assurances that "full security" will be guaranteed in operations of the United Nations atomic energy commission.

Since returning from Moscow December 29, Byrnes continued to push toward solutions of international problems. Subjects covered included:

Slam, The United States resumed relations with that country Saturday, after sanctioning a war-ending agreement between Siam and Britain.

Palestine. The British-American committee to study the Jewish immigration question and the plight of homeless European Jews scheduled its first public hearing at the State Department today.

China. Before leaving, Byrnes studied reports from Gen. George C. Marshall, indicating probability of an early end to China's civil war and good possibility for an agreement at last between Nationalists and Communists.

Southeast Asia. Last night, the U. S. announced its withdrawal from the joint command of Lord Louis Mountbatten. Thus, this country, which shared responsibility for the original decision to send British troops to Indo-China and the Dutch East Indies as part of the Japanese surrender, no longer has any responsibility for the way in which those operations are carried out.

American officials believe generally that the Turkish, Iranian and atomic problems constitute the greatest problems of the U. N. O., whose general assembly opens Thursday.

Soldiers Jam Congress Hall in Manila to Approve Action on Probe

By JOHN GROVER
Manila, Jan. 7 (AP)—At least 12,000 American soldiers jammed into the shell-battered ruins of the Philippines Hall of Congress tonight for a noisy but orderly mass protest to the demobilization slowdown and thundered approval of a resolution calling for a congressional investigation.

Boos rang through the hall as an enlisted man, acting as chairman, read a statement from Lt. Gen. W. D. Styer, commanding army forces in the Western Pacific, explaining the delay in home-bound trips.

Earlier, thousands of milling enlisted men had marched to Styer's headquarters and sent in a committee of five, which was told by the general that the "changing international situation" prevented sending all eligible men home at once.

5-Year-Old Kidnapped

Chicago, Jan. 7 (AP)—Police Inspector Edward Daley reported today that Susan Degnan, 5, daughter of O.P.A. had been kidnapped and that \$20,000 in ransom had been demanded. The girl's father, James Degnan, board operations executive for the metropolitan O.P.A., summoned police when he found the girl's body empty this morning. A note asking for the ransom was found in the room of the north side apartment they share with another family, and a seven-foot ladder was found leaning against the window sill.

Wants Tax to Improve Subways

New York, Jan. 7 (AP)—Doubling of the one-cent city sales tax to finance \$211,000,000 worth of subway improvements was favored today by Mayor William O'Dwyer, who said he was opposed to any increase in the traditional five-cent subway fare.

The mayor said New Yorkers could pay the two per cent tax as they did before 1941, without any real hardship.

The revenue would be used to effect a three-year rehabilitation program in the subway system, including the replacement of old cars, repair of others, installation of air conditioning equipment and disinfecting jumps in all cars, and the enlargement and general reconditioning of many a grimy old station.

O'Dwyer gave his views in a letter to State Comptroller Frank

Office to Be Here at 442 B'Way

Area Will Include Ulster, Sullivan, Columbia, Greene, Dutchess and Putnam, Orange

Local Manager

W. Dale Swartzmiller of Claverack to Manage Kingston Office

The New York State Department of Commerce has opened two new regional offices, one at 442 Broadway, this city, and the other in Elmira, to serve 12 counties in the southeast and south central sections of the state, it was announced today by M. P. Catherwood, commerce commissioner.

The Kingston office will be located in the brick building on Broadway, opposite the Kingston High School, which was last used as a soda water and confectionery store known as "The Campus."

The upper floors were used for living apartments. The building has been vacant for some time.

The upper floors were used for living apartments. The building has been vacant for some time.

The Kingston-Mid-Hudson area, embracing the seven counties of Sullivan, Ulster, Greene, Columbia, Dutchess, Putnam and Orange, will be under the management of W. Dale Swartzmiller, newest regional manager on the Commerce staff, said Commissioner Catherwood, while the Elmira area, consisting of the five counties of Schuyler, Steuben, Schuyler, Tompkins and Tioga, will be for the present serviced by Regional Manager Donald J. Horn of the Binghamton office, who will divide his time between Elmira and Binghamton.

Duties of Office

The new regional offices, said Commissioner Catherwood, will be charged with carrying out the duties of the department in promoting the development and protection of industry and commerce in their regions; serving as a clearing house for industrial problems, promoting the development and expansion of markets for New York products; encouraging the location and development of new business, and maintaining and expanding existing business; planning effective business information services; studying industrial trends and development in the region; encouraging development of new products and industrial processes. Further duties include promoting tourist attractions and studying changes in population and current trends.

Mrs. Swartzmiller entered the department last August as a business consultant, following 16 years' residence in the state, 13 of which were in Columbia and Dutchess counties.

began gathering and climbing the twisted masonry fronting the Capitol entrance, where a makeshift stage had been set up with a wheezing loudspeaker.

By the time 7:44 Harold Schiff, from Rochester, N. Y., the chairman, called the meeting to order the triangular lot in front of the legislative hall was packed with thousands of soldiers.

They cheered as one by one enlisted men took the stage and spoke their mind.

Refers to Draft Snarl

The speakers exhorted their listeners to write their congressmen, and declared the War Department was changing the rules on redeployment.

One soldier orator asserted that "the only thing they (the War Department) ever managed to snarl up worse was the draft."

Another said that "since the last regulations were promulgated every guy in the army had his release day figured down to the last minute and now the War Department 'slowdown' leaves everybody up in the air."

Kennedy read Stryer's statement asserting that the army in the Philippines was doing its best to get men home, shipping 549,318 high-point soldiers to the states since the war ended.

"Bear in mind," the statement said, "it took us 30 months to build up our strength in the Western-Pacific, yet it has been reduced in four months by two-thirds."

A Lot of Work Yet

Stryer's statement said there still remained much work to do, supplying occupation forces in Japan, Okinawa, Korea and elsewhere, "rolling up" unnecessary buses and disposing of surplus property.

"Now we must do our part to get the world back on its normal course," he added. "If we fail to do so we shall nullify the victory we won at such great cost."

The resolution calling for a congressional investigation charged that "a great amount of confusion exists regarding the mobilization program" and as a result there had been "a breakdown of morale among the members of the armed forces as well as their folk back home."

It likewise declared that an announcement the 86th Division would be activated in the Philippines on a battle basis "had caused confusion as to our mission in the Philippines."

The resolution then requested an immediate congressional investigation "of our foreign policy program, and of the effects of that program."

Collision at Highland

Cars being driven by John Meekins, 16, of Highland and Howard Boulster, 22, of Poughkeepsie, collided near the high school at Highland Sunday. State Police report a number of persons in the two cars but the only injury reported was a laceration of the nose sustained by Meekins.

St. Remy Boy Bitten

Harry Terpening, 12-year-old St. Remy boy, was treated at St. Benedictine Hospital Sunday afternoon for a dog bite. He returned to his home following treatment. The matter was reported to the sheriff's office and Dr. G. W. Ross, health officer of the town of Esopus, was notified.

HOME BUREAU

The Late Katrine Home Bureau will meet Wednesday afternoon at 2 o'clock with Mrs. William Hooley. The first lesson in hook making will be given by Mrs. George Adams.

tended the funeral in a body. There was a large number of floral bouquets and also spiritual bouquets in the form of Mass cards which attested to the high esteem in which Mr. Ambrose was held. The honorary bearers were Philip Sattile, Frank Benecase, Louis Naccarato and Frank Durck. Sr. The bearers were Thomas Turck, Eugene Appa, Nicholas Altamari, Charles Altamari, Frank Fiori and Jessie Pascanti. Interment was made in the family plot in St. Mary's cemetery where Father Drew assisted by Father Flaherty pronounced the final absolution. The Rev. Austin V. Carey sat in the chancel during the offertory of the Mass.

The Rev. J. Scott King, who was pastor of the Little Britain Presbyterian Church throughout his entire active ministry of 52 years, until his retirement in 1942, died Sunday in his home in Little Britain after an illness of six months. He was 79 years old. The Rev. Dr. King over a long period of years served as stated clerk of the North River Presbyterian Church in Kingston and was well known in Kingston and reached in the local Presbyterian churches at various times. After receiving his Bachelor of Arts degree from Yale in 1887, Mr. King entered Union Theological Seminary, from which he was graduated in 1890. That fall he began his pastorate at Little Britain. He leaves a widow, the former Elizabeth Peck, two daughters, Mrs. Ralph Crawford, of Monroe, N. Y., and Mrs. Edward F. Martin of Fresno, Calif.; a son, Robert S. King of Newburgh and three grandchildren.

Palestine Focal Point for Peace Or Another War

Continued from Page One

World War I, England is supporting the small group of powerful Arab land owners against not only the Jews but also against any Nationalist movement of Arab people themselves. This policy is being followed because England realizes that if the Jews succeed in establishing their long desired commonwealth and in modernizing Palestine and thereby raising the standard of living of the people of the country, it will be a bad example for the Arabs. Further once ideas of progress and democracy gain a hold in the Near East, they will spread quickly to India and other backward British possessions and threaten the imperialistic control of England over those countries.

"What will become of the British Empire, once subject people adopt progressive ideas?" is the question which forms the keystone of British policy in Palestine, the speaker said.

Americans are being given a view of Near East problems through a distorted picture, Mr. van Paassen said. He charged that this view comes through the eye of Ibn Saud, head of the Arab State. The circle which has made this possible is a vicious one. Britain holds her oil concessions in Arabia through Ibn Saud and in turn American companies hold their oil concessions in the Near East through Great Britain. In such an arrangement, he said, there is little place for the right and dignity of human beings.

One way to make England alter her present imperialistic policy in the Near East is for Americans to show an intense indignation concerning the treatment of Jews in Palestine. Now is the time to move forward, Mr. van Paassen said. "If the bulwarks of imperialism crack in Palestine, then the light of freedom will spread to Arabia, India and Indonesia. Only in this way can the democracy for which we were told we were fighting, be won," concluded Mr. van Paassen.

Introduced by Loughran

Abram Streifer acted as chairman of the meeting and Pierre van Paassen was introduced by Judge John T. Loughran, who briefly reviewed the speaker's distinguished career as a "far-sighted analyst of the world situation."

At the conclusion of the talk there was a period of informal discussion at which time Mr. van Paassen answered questions from the audience.

Two Resolutions

The resolution which was offered by Judge John T. Loughran and unanimously adopted read: "Be it resolved on this sixth day of January, 1946, that a gathering of Americans in Kingston, N. Y., representing all creeds and political opinions wishes to go on record as urging the immediate opening of the doors of Palestine to unrestricted Jewish immigration. Reflecting the sentiment of the Congress of the United States in a recent resolution, this gathering wishes to go on record as favoring the establishment of a free and independent Jewish Commonwealth in Palestine which will protect the rights of all groups within its borders."

The resolution which was presented by Rabbi Bloom and unanimously adopted read: "Be it resolved that in a mass meeting assembled at the Kingston High School, Kingston, N. Y., on the 6th day of January 1946, a gathering of Americans wishes to express its sense of shock and indignation at British military action against undefended Jewish settlements in Palestine as a result of which many were killed, wounded or ruthlessly incarcerated. And be it further resolved that this gathering record its protest against terrorist methods used by British officials upon displaced persons at such camps as Bergen Belsen in the effort to suppress and coerce Jews into fear and silence. Any protest on their part against the British policy in Palestine has been met by actual violence. In the name of Democracy and the free freedoms, we urge you Mr. President to use your good offices to change these conditions."

Settlement Is Seen Near in Oil Wage Dispute

to Mr. Truman by Wednesday or Thursday.

Although General Motors Corporation did not participate in the fact-finding proceedings, it still could consider the board's recommendations as a basis for negotiating with the union toward settlement of the 49-day-old strike.

Government economists and wage-price policy administrators worked to clarify the government's position on a price increase for the "Big Four" meat packers. This might permit an acceptable compromise to be proposed at a series of Chicago meetings arranged by Conciliation Chief Edgar L. Warren for Wednesday, Thursday and Friday.

Electrical Threat

The C.I.O.-United Electrical Workers late Saturday scheduled their January 15 strike in support of the "Big Four" meat packers. Involved are some 200,000 workers at General Electric, General Motors and Westinghouse.

A poll of the 260,000 members of the National Federation of Telephone Workers is in progress meanwhile to determine whether they favor walking out in sympathy with the 17,000 striking members of the Western Electric Employees' Association.

Intervention by President Truman in the form of a White House meeting of C.I.O. leaders and the industries involved in the major wage struggles—remains a possibility, but it is regarded as remote by government labor officials.

Kraft Is Awarded Legion of Merit For Army Service

Lieut. Col. William R. Kraft, postmaster of Kingston, on Friday was awarded the War Department Legion of Merit. The presentation was made by Major General Alden H. Walitt, chief of Chemical Warfare Service, in Washington, D. C.

The citation reads: Lieutenant Colonel William R. Kraft, Chemical Warfare Service, Army of the United States, while serving as deputy chief of the Inspection Division, Office of the Chief of Chemical Warfare Service, from October 1943 to September 1945 contributed materially to the expeditionary handling of all Chemical Warfare munitions supplied to theatres of operation. Through foresight and untiring industry in standardizing inspection methods, gathering and disseminating information on all types of incendiary bombs, and establishing proof-testing procedures, he was a key figure in the success of the incendiary program. He was in a large measure responsible for the continual flow of adequate supplies of munitions to troops. His ready cooperation, undaunted enthusiasm and determination for perfection inspired others to increase their endeavors. Lieutenant Colonel Kraft's cumulative accomplishments reflect great credit and distinction upon himself and the military service.

KINGSTON MAN FELT LIKE SWOLLEN BALLOON; FULL OF STOMACH GAS

Recently, a Kingston man stated that he used to feel like a swollen balloon after every meal. He would bloat full of gas and spit up acidulous liquids for hours after eating. Was terribly constipated. This man is one of the hundreds in this vicinity who now praise ERB-HELP. He states he was amazed at the results when he took this medicine. Now he eats what he wants without gas or bloating, and bowels are regular for the first time in years. He feels like a new man.

ERB-HELP contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act in sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get ERB-HELP! Sold by All Drug Stores here in Kingston.

Major Cobb Is New N. Y. Draft Director

New York, Jan. 7 (AP)—Col. Arthur V. McDermott, who supervised the induction of more than 900,000 men into the armed forces, has been succeeded as New York city's draft director today by Maj. Candlish Cobb, retired army officer.

As judge advocate of the New York National Guard Col. McDermott prepared plans for city and state Selective Service Administration long before Pearl Harbor, and set up the system upon inauguration of Selective Service in September, 1940.

He had asked to be relieved to permit his return to private law practice. Maj. Cobb, also a lawyer, was appointed by Gov. Dewey yesterday. He served under McDermott in the New York office in 1942 and 1943 as chief of administration and personnel. He formerly was an assistant U. S. attorney from 1917 to 1920 and a member of the staff of the American embassy in London from 1921 to 1924.

He entered Selective Service as an advisory board member in 1940 and later was a member of Local Board No. 31 in New York city.

Col. McDermott, in an interview upon his retirement, said political pressure had been absolutely non-existent, surprising as it may seem, in the drafting of New York men.

He said he had received not more than half a dozen requests from "politicians or office-holders to use my influence with respect to any individual registrant." He added it was needless to say the requests "did not receive a very gracious reception from me."

New Methods Urged

New York, Jan. 7 (AP)—The Citizens Union, a non-partisan political organization, announced today it would seek legislative passage of a series of election reform measures embracing new methods of selecting judges, elimination of party lines from the ballot, and permanent personal registration. The union said it advocated the elimination of party lines to stop the "blind vote." Party rows and columns would be eliminated by adoption of the "Massachusetts Ballot" but emblems and designations would be retained, the name of a candidate would appear only once.

The World Today.

By DEWITT MACKENZIE

Paris, Jan. 7.—The French capital's famous girl-show, the Folies Bergeres, has, of course, always been a revealing affair, but in these post-war days one finds it making disclosures in a far larger sense than is implied in our little pun.

One shouldn't expect, for instance, to be able to gauge the state of the nation from a visit to the Folies, or yet to make interesting psychological observations regarding the Genus Yankee-G.I. Still that has been the experience of Madame Mack and myself on renewing acquaintance after some years with this internationally known variety show.

We sat on the center aisle and five rows back. We noted that a large percentage of the crowd was American officers and G.I.'s.

Startling Discovery
Our first discovery had to do with the state of the nation, and it was indeed startling. The great theatre was unheated, although it was sub-freezing. Most spectators kept their overcoats on, as did many of the orchestra, and they still were cold. The real sufferers, however, were the ladies of the cast, who were in an unhappy state of dshabille for such a night. G strings aren't great protection against wintry blasts, and some girls were blue with cold. Still, they were good troupers, for they went through two and a half hours of torture without losing their smiles.

So here again there was registered in an extraordinary manner one of the most dangerous problems not only of France but of all Europe—the terrible shortage of coal and other fuel. This shortage is striking everywhere—homes, public places, business houses, industries. It fills the winter months with peril.

G.I.'s Not Too Interested
However, to return to the Folies Bergeres. Mrs. Mack and I were much interested in getting the reaction of the G.I.'s to this G-string symphony, which is conducted by a Frenchman.

Chennault Wants Rest
Shanghai, Jan. 7 (AP)—Maj. Gen. Claire L. Chennault of "Flying Tiger" fame told newsmen here today he was prepared to make a survey of postwar trade and business possibilities in China, but had no plans to enter business here himself. He emphatically denied he would supervise a training program for the Chinese Air Force, as had been rumored, and said nobody had offered him such a job.

business data, as applied specifically to your company."

Paul E. Lockwood, Dewey's secretary, observed that the invitation "comes at a time when he (Dewey) has already announced his intention to recommend to the forthcoming session of the legislature a 25 per cent reduction in personal income taxes.

"These tax reductions, together with the state's new unemployment insurance experience plan, which resulted last fall in the distribution of tax credits to New York state business men, totaling \$77,000,000—the largest single tax

reduction in the history of the state—are expected to result in an expansion of business and employment in this state."

GI Treatment Scored

Garnet

This justly prized birthstone for January owes a great deal of its increasing popularity to its deep red color and also its splendid wearing qualities. Formerly the smooth oval cabochon cut garnet was most favored but now the faceted stones are equally popular.

Garnets are mined in India, Madagascar, Ceylon and many other countries. A new mine in Arizona has produced some beautiful small stones. Garnets occur in green, orange and various other colors in addition to red.

Coterie Hears Story of Life

Of Gertrude Lawrence

Coterie heard a report of the autobiographical book, "A Star Danced," by Gertrude Lawrence, given by Mrs. Charles Terwilliger at their meeting, Saturday afternoon, at the home of Mrs. Louis Beeres, 107 West Chester street.

Mrs. Terwilliger gave a resume of the life of the noted actress as portrayed in her own book. Born in England, Miss Lawrence's father was an actor and baritone soloist. From childhood she believed that her future was in the theatre and she never let herself become defeated in her climb to fame. Her first chance in musical comedy came when she was understudy to Bea Lillie in "Charlot's Review." Her first legitimate play was "Candide."

This was followed by "Private Lives" written especially for her by Noel Coward. Mr. Coward had known Miss Lawrence in school in England and chose to write this Broadway hit for her. He played the leading role, opposite her. Later she was the lead in "Susan and God" and "Lady in the Dark."

Mrs. Terwilliger further stated that in July 1941, Miss Lawrence was married and when her husband entered service after Pearl Harbor she devoted her time to entertaining the troops in connection with the E.N.S.A., English equivalent of U. S. O. Now she is appearing on Broadway in "Pygmalion." She is a friend of the Duke of Windsor and his brother, Duke of Kent and when she came to America became a close friend of her critics, Alexander Woollcott and Heywood Brown. She also counted George Gershwin among her friends. He wrote the music for "Oh, Kay" in which she was starred.

The next meeting of Coterie will be January 19, at the home of Mrs. Otto L. Schreiber, 128 Down street. Mrs. M. R. Coutant will have the paper.

Canadian Art Will Be Displayed

At Albany Institute This Month

As a good will gesture between the United States and Canada the Albany Institute of History and Art has arranged a Historic Survey of Painting in Canada, covering a span from the late 17th Century to the present. This exhibition, which will remain on view in the Institute's Lansing Gallery from January 10 through February 10, is to open Wednesday evening with a Legislative Preview and Reception to which members and friends of the Institute, State Legislators and Officials, and other dignitaries have been invited.

The exhibition is sponsored by leading galleries in Canada, which are lending paintings in their collections for this purpose. Many of the old private institutions and churches in the Province of Quebec are lending treasures which have never been exhibited in this country before and, in many instances, not outside of their own institutions. The United States Ambassador to Canada, the Honorable Ray Atherton, will make opening remarks at the Preview, and other distinguished visitors from Canada and Washington, D. C., are expected to be present.

Mr. and Mrs. Herman L. Selden and son of Chicago, Ill., on Christmas Day, Mrs. Chirlin's brother of Albany, Henry W. Selden and family visited Kingston. Her mother, Mrs. Sam Selden was also present. This was the first time in 11 years that the family was together.

Huyser-Countryman

Miss Virginia L. Countryman, daughter of Mrs. Lillian Cornelius, 11 Oak street, was married to Ar-

nold A. Huyser, Bridgeport, Conn., son of Mr. and Mrs. Garrett Huyser, Nantucket, Mass., New Year's Day at 11 a. m. in the Clinton Avenue Parsonage. The Rev. William H. Peckham, pastor, officiated.

The bride wore a pink dress with brown accessories and an orchid corsage. Mrs. Howard S. Whitaker, her sister, as matron of honor wore a powder blue dress with brown accessories and a corsage of euphorbia. Jackman, Edward J. Colwell, 3rd, of Delmar, cousin of the bride, was best man.

After a wedding breakfast at the home of the bride's mother, Mr. and Mrs. Huyser left for New York City and Long Island. For traveling the bride wore a black suit with white accessories. They will live in Bridgeport, Conn.

This Home-Made Cough Syrup Beats Them All

So Easily Mixed! No Cooking! Saves Big Dollars. Real Relief!

Yes indeed, this home-mixed cough syrup, made in your own kitchen, is one of the most effective things ever found for coughs due to colds. It's so easy to mix, a child could do it. And it saves good money, too. Make a syrup by stirring 2 cups of granulated sugar and 1 cup of water a few moments, until dissolved. No cooking needed. Or you can use corn syrup or liquid honey, if desired. Get 2½ ounces of Pinex from your druggists and put it into a pint bottle. Then fill the pint with your syrup. Your money will be refunded.

Wholesale Redbird Trades Will Not Include Marion

Better Bowling By Billy Sixty

St. Louis, Jan. 7 (AP)—Sam Broadon, baseball properties sold or traded, was open for business today and the big question was who would be next among his many St. Louis Cardinals stars to leave the home grounds of Sportsman's Park.

Shrewd Sam opened his 1946 business year over the week-end by disposing of Catcher Walter Cooper to the New York Giants for \$175,000 and Second Baseman Jimmy Brown to the Pittsburgh Pirates for an estimated \$30,000 to \$40,000.

Although he still has enough players left for two formidable Major League entries, Broadon said he has no other deals pending at the moment. He indicated, however, that Shortstop Marty Marion was the only one of the more than 60 Red Birds who definitely was not for sale.

"Marion will be with us this year," the Cardinal owner said. He would not say as much for any of his other players.

The Cooper and Brown transactions were expected since it had been a loosely-kept secret for more than a month that the deals were in the making.

Twenty-one pitchers with winning Major League experience are on the Cardinal roster and undoubtedly some of them will be parted with for fancy sums. Fourteen are on the active list, seven in service.

One rumor had the Giants bidding for a left hander, probably Max Lanier or Harry "The Cat" Brecheen, along with Cooper, but neither Broadon nor the Giants made any mention of such a possibility.

Providing former stars come up with service discharges, Broadon will certainly be ready to do a booming business in outfielders. Johnny Hopp, Buster Adams, Red Schoendienst and Augie Bergamo are left over from the 1945 squad and Stan Musial, Enos Slaughter, Terry Moore, Harry Walker, Danny Litwiler and a couple of red hot Minor League prospects are in the armed forces.

Powered by Charlie Williams, who hit for 18 points, the High Falls Firemen trounced the Kingston Crescents, 43-29, Saturday night for their third home triumph in five starts.

Williams connected for nine baskets, as the Firemen piled up a 26-17 halftime advantage to win as they pleased. Don Schoonmaker was runnerup with eight points. Rod Sagendorf, former K.H.S. siege gun topped the locals with 10 markers.

The High Falls Juniors nosed out the Kingston Aces, 34-31, in a hard fought preliminary. LeFevre set the pace for the winners with 14 points, while Croswell and Priest shared scoring honors for the Aces with 11 each.

The boxscore:
